

17 September 2018

## Traffic Management

Dear Parents/Guardians

We wish to advise all parents that building works on the Convent will commence on Saturday, 22 September 2018. This is a very exciting time for Siena College as we commence the final stage of the Butterfly Campaign, transforming the Convent into the gateway of the College.

From the beginning of Term 4, the front carpark area and driveway will be unavailable for student drop off and pick up. The main entrance and exit gates on Riversdale Road will be accessible only to staff and buses. School buses will operate as normal, with additional barricading for student safety around the Convent.

To assist parents, the attached College map provides three options for morning and afternoon drop off/pick up, to alleviate pressure on limited parking and congestion in the narrow roads surrounding the school boundary:

1. Pedestrian Gate 7 (at the rear of the school, off Hocknell Street) will be open between 7.30am to 9.00am and from 3.00pm to 5.00pm
2. Pedestrian Gate 8 (off Wattle Valley Road) will be open from 7.30am
3. Pedestrian Gate 4 (adjacent to the gym on Riversdale Road) will also be open for student access, as normal

Please note there will be no pedestrian access to the College via Compton Street. By parking in a legal and considerate manner to our neighbours, congestion around the school grounds will be reduced and safety maintained. The safety of our students and easing congestion for busy parents are of paramount importance. We hope that these combined measures assist all parents as we undertake these vital building works.

These restrictions will remain in place for the duration of Term 4, and we look forward to returning to normal access and operations at the commencement of the 2019 school year. I thank you all for your understanding in this matter.

Yours sincerely

Bernadette Donnelly  
Acting Principal
