It provides an outline of the policies, procedures, actions, and strategies that will be implemented to ensure that a child safe culture is championed and modelled at all levels of the College, to keep students safe from harm, including all forms of abuse in our College environment, on campus, online and in other locations provided by the College.

This Policy considers relevant legislative requirements within the state of Victoria, including the specific requirements of the Child Safe Standards as set out in [Ministerial Order No. 1359](#).

This Policy applies to College staff, including College employees, volunteers, contractors, and clergy. It should be read in conjunction with the following related school policies and procedures:

1. PROTECT: Identifying and Responding to Abuse – Reporting obligations
2. Child Safety Code of Conduct
3. Reportable Conduct Policy

DOCUMENT DEVELOPMENT PROCESS

This document was first developed by Deputy Principal Wellbeing and Strategy, Antonella Rosati, Risk and Compliance Manager, Larissa Banks and Human Resources Manager, Sarah Egan, in May 2022 based on a review and revision of the 2016 Child Safe Policy.

RATIONALE

At Siena College, we hold the care, safety and wellbeing of children and young people as a central and fundamental responsibility of our College. Our commitment is drawn from and inherent to the teaching and mission of Jesus Christ, with love, justice, and the sanctity of each human person at the heart of the gospel (CECV Commitment Statement to Child Safety).

The person of each individual human being, in his or her material and spiritual needs, is at the heart of Christ's teaching: this is why the promotion of the human person is the goal of the Catholic school ([The Catholic School on the Threshold of the Third Millennium](#), n. 9).

The Dominican Ideals are a commitment to truth explored in dialogue, a vibrant preaching of the Gospel, a critical appreciation of culture and cultures, and a love of the beautiful. Our goal in each of our Educational Ministries is to foster these values, together with a spirit of prayer and contemplation, respect for the dignity and uniqueness of each individual, and the pursuit of excellence. - We commit to providing all Sienna College staff with the necessary support to enable them to fulfil their roles, and to ensure that staff are attuned to signs of harm and can facilitate child-friendly ways for children, young people, and young adults to express their views, participate in decision-making and raise their concerns. PROCEDURES

Our College creates records relevant to any child safety complaints, disclosures or breaches of the Child Safety Code of Conduct, and maintains and disposes of those records in accordance with security and privacy requirements and [Public Record Office Victoria Recordkeeping Standards](#) (including minimum retention periods). Our school complies with legal obligations that relate to managing the risk of child abuse under the *Children, Youth and Families Act 2005* (Vic.), the *Crimes Act 1958* (Vic.), the *Child Wellbeing and Safety Act 2005* (Vic.) and the recommendations of the [Betrayal of Trust](#) report.

Child protection reporting obligations fall under separate pieces of legislation with differing reporting requirements.

Our school's [PROTECT: Identifying and Responding to Abuse – Reporting Obligations](#) updated on June 2022, sets out the actions required under the relevant legislation when there is a reasonable belief that a child at our school is in need of protection or a criminal offence has been committed, and provides guidance and procedures on how to make a report.

Our policy assists staff, volunteers, and families to:

- identify the indicators of a child, young person, or young adult who may need protection
- understand how a reasonable belief is formed under the reportable conduct scheme as well as mandatory reporting
- make a report of a child, young person or young adult who may need protection
- comply with mandatory reporting obligations under child protection law, and their legal obligations relating to child abuse and grooming under criminal law
- understand and comply with information sharing and recordkeeping obligations
- comply with reporting obligations under the reportable conduct scheme including obligations to report and investigate allegations of reportable conduct

Our College has also established additional internal procedures and processes to help ensure that appropriate action is taken to prevent, identify and respond to concerns about the wellbeing and/or safety of a student.

Our College is a prescribed Information Sharing Entity (ISE) meaning that, where legislated requirements are met, it can share confidential information with other ISEs to promote child wellbeing or safety under the CISS or FVISS.

At Sienna College, if any member of our College community has concerns for a child's safety they need to discuss, they can notify the school Principal, the Deputy Principal Wellbeing and Strategy or the College Counsellors.

If the Principal or Deputy Principal Wellbeing and Strategy are not available, then it should be discussed with a member of the College leadership team. Alternatively, any member of the school community may report directly to the responsible authority.

The staff member, supported by the Principal or Deputy Principal Wellbeing and Strategy will follow the step-by-step guide to making a report as outlined in the [Four Critical Actions for Schools: Responding to Incidents, Disclosures and Suspicions of Child Abuse](#).

Screening and recruitment of College staff

Sienna College will apply thorough and rigorous screening processes in the recruitment of employees and volunteers involved in child-connected work. Our commitment to child safety and wellbeing and our screening requirements are included in all advertisements for such employee, contractor and volunteer positions, and all applicants are provided with copies of the school's Safeguarding Children and Young People Code of Conduct, Staff and Student Professional Boundaries, Child Safety and Wellbeing Policy and the Mandatory Reporting Policy.

Each job description for staff involved in child-connected work has a clear statement that sets out the requirements, duties and responsibilities regarding child safety and wellbeing for those in that role and the occupant's essential qualifications, experience, and attributes in relation to child safety and wellbeing.

When recruiting and selecting employees, contractors and volunteers involved in child-connected work, we ensure that we gather, verify, and record the following information about any person we propose to engage:

- confirm the applicant's Working with Children Check and National Police Check status and/or professional registration (as relevant)
- obtain proof of personal identity and any essential or relevant professional or other qualifications
- verify the applicant's history of work involving children
- obtain references that address the applicant's suitability for the job and working with children

We will also ensure that appropriate supervision or support arrangements are in place in relation to the induction of new College staff into the school's policies, codes, practices, and procedures governing child safety and wellbeing and child-connected work.

We have procedures and processes for monitoring and assessing the continuing suitability of College staff and volunteers to work with children, including regular reviews of the status of Working with Children Checks and staff professional registration requirements such as Victorian Institute of Teaching (VIT) registration.

Risk management

At Siena College, we are committed to proactively and systematically identifying and assessing risks to student safety across our whole school environment and reducing or eliminating (where possible) all potential sources of harm. We document, implement, monitor, and annually review our risks and risk management strategies for child safety and wellbeing, evaluate the effectiveness of the implementation of our risk controls and ensure that the strategies change as needed and as new risks arise.

Child safety risks are identified in Siena College's Child Protection Risk Register. These risks take into account the nature of the College environment, the activities conducted at the College and outside of the College, including the provision of services by contractors and outside organisations and the characteristics and needs of all children and students present in those environments. The overall effectiveness of risk

Expectation of our College staff and volunteers – Safeguarding Children and Young People Code of Conduct

At Siena College we expect College employees, volunteers, contractors, and clergy to proactively ensure the safety and wellbeing of students, to identify concerns about child safety and wellbeing and to take appropriate action if there are concerns about the safety and wellbeing of any child at the school. All College staff must remain familiar with the relevant laws, the code of conduct, and policies and procedures in relation to child protection, and comply with all requirements. We have developed the [Safeguarding Children and Young People Code of Conduct](#), which recognises the critical role that College staff play in protecting the students in our care and establishes clear expectations of College employees, volunteers, contractors, and clergy for appropriate behaviour with children to safeguard them against abuse and/or neglect.

Our Code also protects College staff and volunteers through clarification of acceptable and unacceptable behaviour. This is also elaborated on in the [Staff and Student Professional Boundaries Guidelines](#).

Student safety and participation

At Siena College we actively encourage all students to openly express their views and feel comfortable about giving voice to the things that are important to them.

We teach students about what they can do if they feel unsafe and enable them to understand, identify, discuss, and report their concerns. We listen to and act on any concerns students, or their parents or carers, raise with us.

The curriculum design integrates appropriate knowledge and skills to enhance students' understanding of being safe, as well as their understanding of their rights to safety, information, and participation. Teaching and learning strategies that acknowledge and support student agency and voice are implemented. We ensure that students are offered access to sexual abuse prevention programs and to relevant related information in an age-appropriate way.

We have developed appropriate education about:

- standards of behaviour for students attending our College
- healthy and respectful relationships (including sexuality)
- resilience
- child abuse awareness and prevention

We have also developed curriculum planning documents that detail the strategies and actions the College takes to implement its obligations to ensure that:

- children and students are informed about all their rights, including to safety, information, and participation
- the importance of friendship is recognised and support from peers is encouraged, to help children and students feel safe and be less isolated
- staff and volunteers are attuned to signs of harm and facilitate child-friendly ways for children and students to express their views, participate in decision-making and raise their concerns
- we have strategies in place to develop a culture that facilitates participation and is responsive to the input of children and students
- we provide opportunities for children and students to participate and which are responsive to their contributions to strengthen confidence and engagement
